Kosmos Mobile

All-in-one POCUS Solution with anti-theft lock

Fully detachable for ultimate flexibility

Kosmos Bladder represents a groundbreaking ultrasound solution that sets a new standard for bladder volume measurement.

Accurate

Reliable

All-in-one

The Most Accurate On The Market

The ONLY Bladder scanner to have two pathways for pre and post void bladder volumes with clinically validated accuracy for increased confidence. Kosmos Bladder provides real-time guidance that automatically drops calipers at the largest section of the bladder.

Reliability You Can Count On

Kosmos is made in the USA with quality you can trust. Backed by a robust 5-year warranty, our military-grade transducers can withstand 1m drops and extreme environmental conditions.

More Than Just A Bladder Scanner

Expand Kosmos Bladder into a comprehensive AI-driven Point-of-Care Ultrasound solution. Offering bladder, vascular access, and multiple POCUS applications, Kosmos Bladder delivers an easy-to-use, versatile ultrasound device designed to empower healthcare professionals with accurate & reliable diagnostic capabilities.
